PROFESSIONAL SUMMARY

UI/UX Designer with **4+ years** of experience designing mobile apps and web products, working with an **AI-augmented, agentic design workflow**. I combine expert Figma craft with **Claude**, **Cursor** and **MCP (Model Context Protocol)** to move from research to prototypes and developer-ready code faster, using **Claude × Figma MCP** to turn design systems into production-style UI. Currently designing remotely for a US-based company.

AI & AGENTIC WORKFLOW

AI Tools: Claude (Claude Code, Projects) • Cursor • VS Code
MCP & Integrations: Model Context Protocol (MCP) • Figma MCP Server • Claude × Figma • VS Code MCP
Agentic AI: Agentic AI workflows • AI-assisted design-to-code • Prompt engineering for design • AI-accelerated prototyping

CORE SKILLS

Design & UX: Mobile App Design • Web Design • UX Research • Wireframing • Prototyping • Design Systems • Usability Analysis • Branding • Graphic Design
Tools: Figma (Expert) • Figma AI • Claude Design • Figma × Claude MCP • Midjourney (Intermediate) • Canva (Expert) • Adobe Photoshop (Basic) • Adobe Illustrator (Basic) • Android App Development

FEATURED PROJECT

Conduitly Product & Brand Design — Conduitly, USA (Remote) 2024 – Present

- Designed Conduitly's web app UI end to end in Figma, from research and wireframes to high-fidelity prototypes and developer handoff.
- Created brand identity assets, including logo exploration, using **AI-assisted ideation** to explore and refine concepts faster.
- Applied **Claude × Figma MCP** and **Cursor** to turn Figma components into code-ready specs, shortening the design-to-development loop.

WORK EXPERIENCE

UI/UX Designer — Conduitly, USA (Remote) Nov 2024 – Present

- Design web app interfaces, graphics and branding assets; run design research to guide user-centred decisions.
- Collaborate with cross-functional teams across time zones, using an **AI-augmented workflow** (Claude, Cursor, Figma MCP) to speed up iteration.

UI/UX Designer — HashtagHK, Pakistan (On-site) Mar 2024 – Jun 2024

- Designed responsive mobile and web interfaces with wireframes and interactive prototypes; ran usability analysis to refine user journeys.

UI/UX Designer — IsoAI × Gamican, Pakistan (On-site) Jan 2023 – Feb 2024

- Led end-to-end UI/UX for mobile and web apps, from concept to high-fidelity mockups, backed by user research.

Android Developer & UI/UX Designer — FHA Technology, Pakistan (On-site) Jul 2022 – Dec 2023

- Developed Android applications and designed interfaces, screen flows and visual assets using Figma and Canva.

EDUCATION

Bachelor of Information Technology • Arid Agriculture University, Rawalpindi 2018 – 2022
FSc Pre-Engineering • Global College System, Rawalpindi 2016 – 2018
Matric • National Public Secondary School, Rawat 2014 – 2016

LANGUAGES

English — Professional proficiency • **Urdu** — Native
